Every dental practice is different, so it's hard to know the cost of a specific service or procedure. Before you open wide, give us a call. We'll walk you through what your policy covers and provide an estimate of your costs.

Your eyesight is important, too. An optional vision benefit can keep you seeing clearly.

Add a Vision Benefit to Your Dental Insurance Policy

Mutual of Omaha offers Medicare supplement insurance to help cover your health care needs and dental insurance to protect your pearly whites. You can also add an optional vision benefit (for an additional premium) to your dental insurance policy to help round out your coverage.

Our vision benefit will reimburse you for your vision care expenses. And, it works in conjunction with any other vision care benefits you may have.

EYE EXAMS

Up to \$50 every calendar year for one exam (no waiting period)

EYEGASSES OR CONTACT LENSES

Up to \$150 every two calendar years for eyeglasses or contact lenses (after a six-month waiting period)

YOUR QUESTIONS ANSWERED

How can I learn the cost of dental services in advance?

We can help! With a pretreatment estimate, you'll know in advance if the service or procedure your dentist recommends is covered by your policy. You'll also know what you can expect your policy to pay. To request a pretreatment estimate for services \$200 and over, call 800-775-1000 and select the dental claims option.

Do I have to wait to see my dentist?

There's no waiting period for preventive and basic services. This includes cleanings, X-rays, fillings, extractions and emergency treatment. However, major services (crowns, dentures, bridges, root canals and periodontics) require a 12-month waiting period before you receive policy benefits.

What if I decide dental insurance isn't right for me?

You have 30 days from the date you receive your policy to determine if your Mutual of Omaha dental insurance policy meets your needs. During that time, you can return your policy and we'll promptly refund all premiums you've paid.

Your Monthly Cost

Your cost for a dental insurance policy is based on where you live. You can add the optional vision benefit for just [\$8.28*] per month.

	Mutual Dental Preferred SM Insurance Policy	Mutual Dental Protection SM Insurance Policy
Dental Insurance	\$_____	\$_____
Optional Vision Benefit	[\$8.28*]	[\$8.28*]
Total Monthly Premium	\$_____	\$_____

*premium may vary by state

How do I request reimbursement for vision expenses?

After paying for your eye exam, eyeglasses or contact lenses, you'll be reimbursed up to the maximum benefit amount. To request reimbursement call 800-775-1000 and select the vision benefits claims option.

Note: Reimbursement for eyeglasses or contact lenses requires a qualified proof of the expense (itemized receipt, explanation of benefits or other document that records the expense).

Will my dental insurance policy and vision benefit renew automatically?

Yes. Your dental policy and vision benefit are guaranteed renewable for life as long as you pay the required premium.

Will my premium change?

Your premium won't increase due to any change in your health. However, it may change if we make the same change to all dental policies or vision benefit riders of the same form issued to all persons of the same class. Of course, we'll always let you know well in advance of any planned change.
